

EngageMore makes member engagement easy.

EngageMore is smart software for the fitness industry, prioritizing engagement with the right member at the right time.

- **improve membership retention**
with smarter member engagement
- **increase program participation**
match programs to member profiles
- **targeted member communication**
based on specific member interests
- **identify priority members**
such as new members, donors, or volunteers

Additional features include:

- Optimized name and face recognition
- Email members program information immediately after engaging with them
- Automated reports for rescuing at-risk members
- Automated reports for measuring staff productivity
- Mobile app for smart phones to manage engagements while away from the branch
- Affordable, monthly pricing based on number of facilities (rather than membership units)

\$299 / month / facility
EngageMore Software + Service
does not include hardware

\$499 / month / facility
EngageMore Software + Service + Hardware
includes iPads and wireless access points

Now is the time to EngageMore. Let's talk.
